

ATTACHMENT A REMARKS

In the current Office Action the Examiner has required restriction between claims 1-14 (Group 1), drawn to a breast pump, and claims 15-20 (Group 2), drawn to a horn for use with a breast pump. In order to expedite the prosecution, claims 15-20 have been amended so that they are also directed to a breast pump and so that they depend from claim 1. Thus, only a single group of claims now remains and all of the claims presented are now properly included in Group 1.

Further and favorable action is respectfully solicited.
